RFI for SWMU 25 - Highway 58 Dump Site A,
Naval Support Activity Crane, Crane, Indiana

Dear Mr. Brent:

Enclosed is FTMR No. 01 for SWMU 25 for your review and comment. The FTMR pertains to installation of a new downgradient monitoring well, abandonment of two damaged wells, and sampling of all wells. Groundwater sampling was conducted at NSA Crane SWMU 25 in July 2011, and it was determined that two of the monitoring wells (25MW04/WES-7-4-81 and 25MW05/WES-7-5-81) were compromised.

Please contact me at (412) 921-8882 (email: Joseph.Lucas@tetrattech.com). If I am not available, contact John Ducar at (412) 921-8089 (email: John.Ducar@tetrattech.com) or Ralph Basinski (email: Ralph.Basinski@tetrattech.com) regarding any questions or comments.
